

STRIKE IS NOW ALMOST CERTAIN IN RED CROSS CALL

MEMBERS OF CABINET READY FOR THE FIGHT; TAYLOR SAYS MINERS HAVE NOT ENOUGH MONEY.

WASHINGTON, Oct. 25.—President Wilson today, through Secretary Tumulty, summoned the cabinet in special session to consider the strike of bituminous coal miners set for next Saturday. Director General Hines of the railroad administration was asked to meet with the cabinet to present the situation from the standpoint of the railroads.

Secretary Lansing was confined to his home with a severe cold and could not attend. All the other members of the President's official family were present and Secretary Baker presided at the meeting. Secretary Tumulty was present to convey the views of President Wilson on the situation.

"I am for the fight," said one member of the cabinet. "While there is apparently no disposition to criticize either the operators or the miners for the failure of the negotiations conducted by Secretary Wilson, officials who discussed the situation spoke of a single 'massed attack on the government.'"

There seems to be doubt whether the cabinet would issue a statement today as to the government's attitude regarding the coal strike. In White House circles the idea was that the government's position could best be stated by President Wilson in a formal announcement to the public. Some officials thought the cabinet would recommend this course.

As the cabinet met, John L. Lewis, head of the United Mine Workers of America, sent word to unions throughout the country that working mines would stop next Friday night. Lewis said the strike would last until the government was "able to induce the stubborn coal operators to deal humanely with the men who mine coal."

Taylor Makes Statement

KANSAS CITY, Mo., Oct. 25.—Washington coal strike negotiations can have little effect on the situation because the miners are determined to have their little strike, according to a statement given out today by Harry N. Taylor, president of the National Coal Association.

"The miners are relying on workmen in other industries to assist them," said Mr. Taylor's statement. "Particularly are the miners looking for aid from the railroad workers. The railroads have a three to ten days' supply of coal. When train schedules are annulled, wages will stop and the railroad employees will be forced to use their money to keep their own families from starvation."

Mr. Taylor calls attention to the fact that the strike fund of \$1,728,000 reported at the Cleveland convention of the miners is \$3 for each of the probable 500,000 strikers, and he added that the \$12,000, reported to be in the treasury of the miners' locals will provide \$10 a week for each striker for about two weeks.

Oklahoma Call Oct. 29.

OKLAHOMA CITY, Oct. 25.—Governor Robertson today issued a formal call for a conference of the coal miners, operators, citizens and representatives, to be held at McAlester, in the heart of the coal district, Wednesday morning at 9 o'clock.

"No special commissions are to be issued to delegates because those being addressed include all operators and miners alike to be affected by the proposed strike."

Cabinet of One Mind.

WASHINGTON, Oct. 25.—A definite program to be placed before President Wilson as to the government's attitude toward the coal strike will be formulated today, it was said at the White House.

While no definite decision had been taken when the cabinet met, Secretary Tumulty in a discussion at the morning session disclosed that the President's official family was of one mind. He asserted that when the program was presented to the President, Mr. Wilson was expected to give his approval to it.

Anti-Strike Bill Signal For a National Strike

WASHINGTON, Oct. 25.—Passage by either house of congress of the anti-strike legislation contained in the railroad bill now pending would result in a general strike vote throughout the entire country, officials of the American Federation of Labor said here today.

PRESIDENT WILSON ADDRESSES LETTER TO AMERICAN PEOPLE ON THIRD RED CROSS ROLL CALL TODAY.

ADDRESSES LETTER TO AMERICAN PEOPLE ON THIRD RED CROSS ROLL CALL TODAY.

By the Associated Press

WASHINGTON, Oct. 25.—President Wilson today addressed the following letter to the people of the country appealing for support of the third Red Cross Roll Call, which is to be held from November 2 to 11:

"As President of the United States and as President of the American Red Cross, I recommend and urge a generous response to the Third Red Cross Roll Call, which opens on November the second with the observance of Red Cross Sunday and appropriately closes on November eleventh, the first anniversary of the signing of the armistice."

"Twenty million adults joined the Red Cross during the war, prompted by a patriotic desire to render service to their country and to the cause for which the United States was engaged in war. Our patriotism should stand the test of peace as well as the test of war, and it is an intelligently patriotic program which the Red Cross proposes, a continuance of service to our soldiers and sailors who look to it for many things, and a transference to the problems of peace at home of the experience and methods which it acquired during the war."

"It is on membership more than money contributions that the stress of the present campaign is laid, for the Red Cross seeks to associate the people in welfare work throughout the land, especially in those communities where neither official nor unofficial provision has been made for adequate public health and social service."

"It is in the spirit of democracy that the people should undertake their own welfare activities, and the National Red Cross wisely intends to exert upon community action a stimulating and co-ordinating influence and to place the energies of the organization behind all sound public health and welfare agencies."

"The American Red Cross does not purpose indefinite prolongation of its relief work abroad a policy which would lay an unjust burden upon our own people and tend to undermine the self-reliance of the peoples relieved, but there is a necessary work of completion to be performed before the American Red Cross can honorably withdraw from Europe. The congress of the United States has imposed upon the Red Cross a continuing responsibility abroad by authorizing the Secretary of War to transfer to the American Red Cross such surplus army medical supplies and supplementary dietary food stuffs now in Europe as shall not be required by the army, to be used by the Red Cross to relieve the distress which continues in certain countries of Europe as a result of the war."

"To finance these operations, to conclude work which was begun during the war, and to carry out some comparatively inexpensive constructive plans for assisting peoples in Eastern Europe to develop their own welfare organizations, the American Red Cross requires, in addition to membership fees, a sum of money small in comparison with gifts poured into its treasury by our generous people during the war."

Both the greater enduring domestic program and the lesser, temporary foreign program of the Red Cross deserves enthusiastic support and I venture to hope that its peacetime membership will exceed rather than fall below its impressive war membership."

COUNTY JAIL WILL BE EMPTY TOMORROW

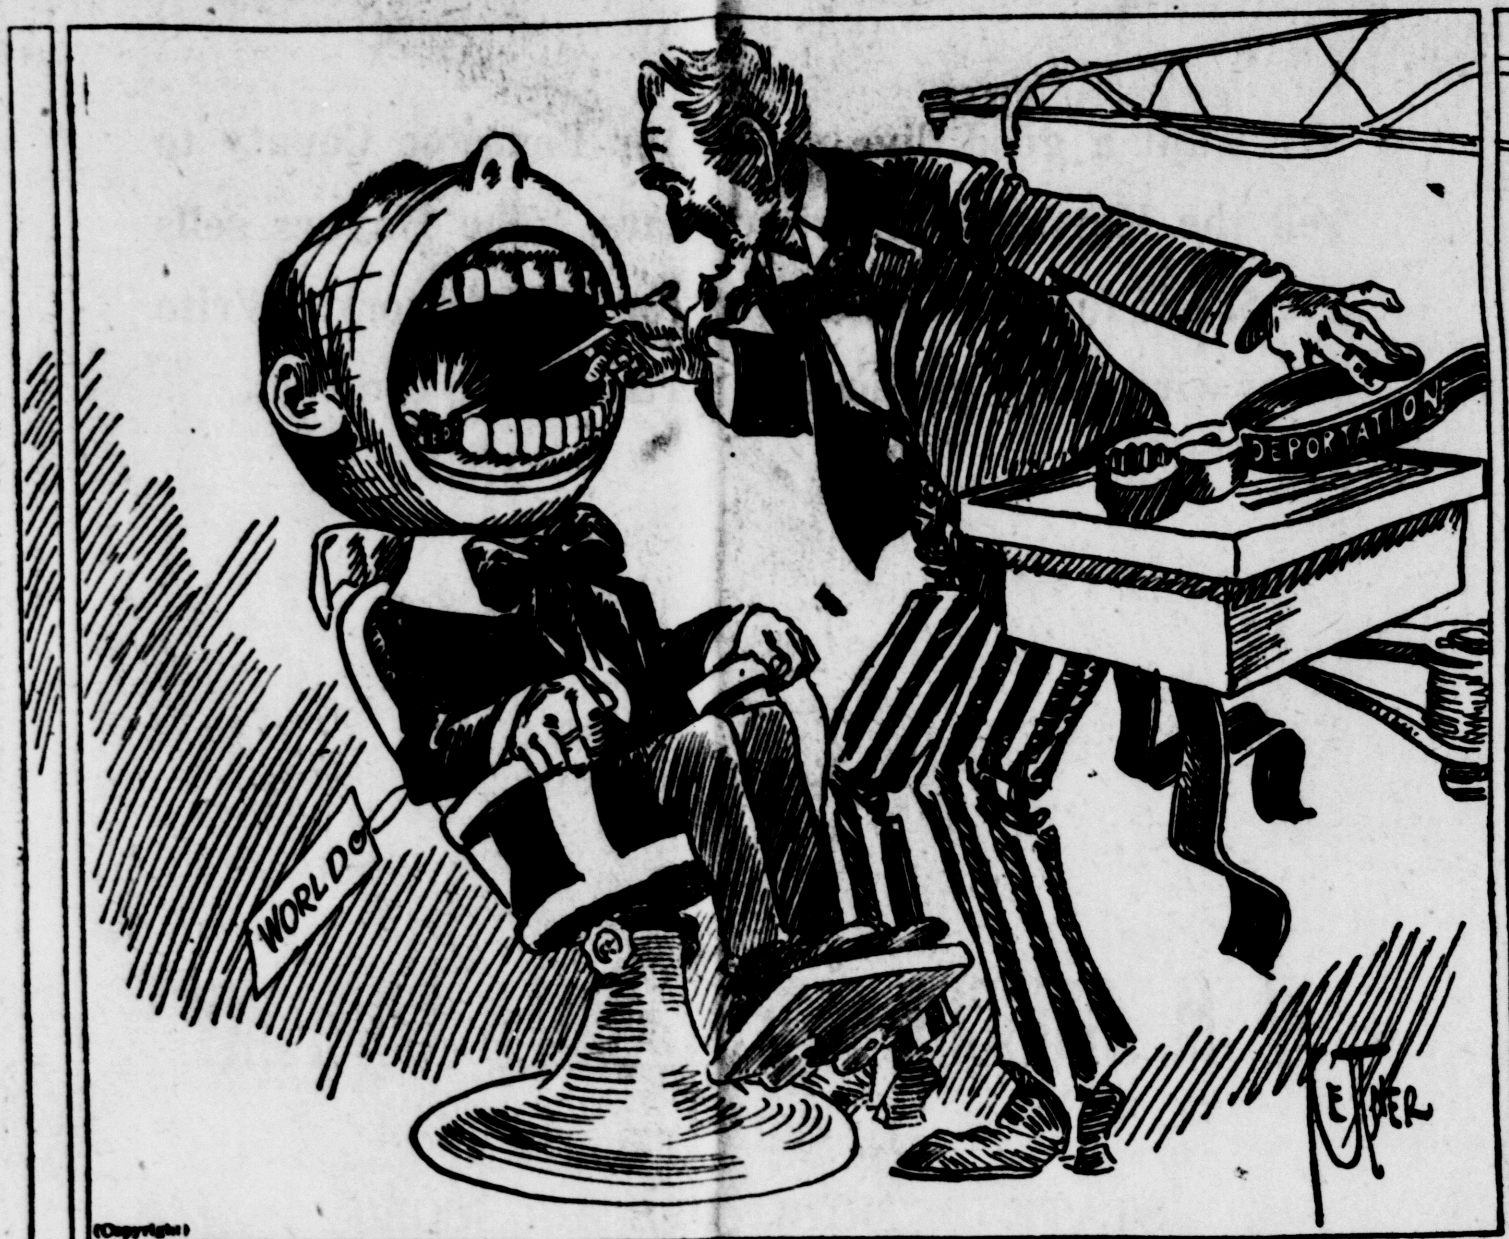

For the first time since statehood the county jail at Ada will be empty tomorrow unless the high laws round up some offender before tomorrow morning, when Sheriff Bob Duncan leaves for McAlester with Harry Williams the county trustee will stand tenantless.

Williams goes to the state prison to begin a one year term imposed for robbery. Some time last winter Williams in conjunction with Tuck Price held up an Indian, Cornelius Nelson, in Darktown and separated him from certain cash items then in his possession. Price is already in the pen and Williams now goes to keep him company.

One Kansas City business man has his cards printed, "John Smith, Do You Know Me?"

Why can't the great question, to work or not to work, be settled by local option?

MEXICAN GOVERNMENT MUST SEE THAT WILLIAM JENKINS IS DELIVERED SAFE IN UNITED STATES.

By the Associated Press

WASHINGTON, Oct. 25.—Demands were made on the Mexican government today by the state department that it secure the release unharmed of William O. Jenkins, American consular agent at Puebla, even though it is necessary for Mexico to pay the \$150,000 ransom demanded by the bandits who kidnapped him.

While this was not going forward, Senator Myers, democrat of Montana, introduced a resolution asking President Wilson to use all the armed forces of the United States in securing the release of Jenkins.

The resolution which will be called up Monday, also would direct that those responsible for the abduction of the consular agent be apprehended and punished. Senator Myers requested immediate action on the resolution but Senator Smoot, republican, of Utah, objected on the ground that a resolution calling for "such broad action" should not be considered hastily.

COUNT TERAUCHI IS STILL BREATHING

By the Associated Press

Tokyo, Japan, Oct. 21.—(Delayed)—Field Marshall, Count Terauchi, former premier of Japan whose death was reported here yesterday is still alive, his physicians announced today. When the aged diplomat became unconscious yesterday, his physicians believed that death had overtaken him and the news was given to the world. An injection of camphor given purely as a precautionary measure restored consciousness and today he was able to partake of milk and ice cream.

Count Terauchi's death had been officially announced and posthumous honors had been bestowed upon him by the Imperial Court.

Oklahoman Says Life Was Saved By the Red Cross

ROLL, Okla., Oct. 24.—"I would have died if it had not been for the American Red Cross."

That's the simple tribute that Vernon Kendall of Roll, Okla., the first American to be taken prisoner by the Germans, pays to the "Greatest Mother in the World."

Kendall has just reached Oklahoma after harrowing experiences in the war zone and in German prison camps. Young Kendall was one of a party of five Americans taken prisoner by the Germans. These Americans were taken to Berlin and paraded through the streets, being derided and hooted at by the German populace. They were then shunted off to a German prison camp, which Kendall described as a living hell.

"Soon after I reached the prison camp, the Red Cross came to my rescue with food and clothing. I verily believe that I would have starved to death or frozen, if it had not been for the aid the Red Cross gave me."

Kendall met Congressman Jim McClintic here yesterday and thanked him personally for interesting the Red Cross in his behalf. Congressman McClintic immediately upon hearing of Kendall's capture, beseeched the Red Cross to send him aid and the Red Cross was quick in getting on the job, as Kendall's story indicates.

Another reason the mail service is so slow evidently is that Mr. Burleson thinks all that is necessary is to make the mail beat the telephone.

BOLSHEVIK MINISTER DESERTS HIS FOLLOWERS AND FLEES WHEN THE ENEMY APPROACHES.

By the Associated Press

COPENHAGEN, Oct. 25.—The entire staff of Leon Trotsky, Bolshevik minister of war and marine, has been captured at Psarsko-Selo, according to a dispatch from Reval to the "National Pidenide."

Trotsky himself escaped by clinging to a railroad car and later fleeing from the scene in an automobile. Troops of the Northwestern Russian army pursued the minister and fired upon his car, but Trotsky succeeded in reaching Petrograd.

The left flank of the army of General Yudenitch is reported to be under fire from a Bolshevik dreadnaught which is lying in the Neva River within the limits of Petrograd.

BROTHERHOOD OF WORLD IS FORMED

FIRST MEETING IN LONDON ASSETS THAT SORROWS OF THE WORLD ARE TO BE HEALED.

By the Associated Press

LONDON, (By Mail).—An organization known as the World Brotherhood Federation was formed here at the recent meeting of the World Brotherhood Congress attended by delegates representing Great Britain, Canada and the United States. Its purpose was declared to be to draw together the peoples of the United States to emphasize the brotherhood of mankind, to obtain an effective League of Nations and to cultivate an international spirit.

Announcement was made at the election of congress that it was proposed to hold a world brotherhood convention in America in April, 1920, when the constitution is to be ratified. Canadian and American delegates were instructed to arrange for this convention in Washington, Philadelphia, Detroit or Buffalo.

The constitution adopted provides for a World Brotherhood Council composed of ten delegates from every nation which has a brotherhood organization. Provision is made also for the election of this council of delegates from every nation which has no brotherhood organization. Five United States members of this council were elected at the meeting here. They were Dr. S. Zane Batten, of Philadelphia; Dr. Robix Harlan, of New York; Dr. A. S. Taylor, of York, Pa.; and Dr. Bauchamp of Nashville, Tenn.

The following officers were elected: President, John Clifford, D. D. London; vice presidents, Dr. Robert E. Speer, New York; Dr. T. Albert Moore, Toronto; Premier Jan Smuts, South Africa; secretary and commissioner, William Ward, London; treasurer, William Heal, London.

Rev. T. Sykes of London was elected as European Associate Secretary, and Mr. Thomas Howell of Toronto as Associated Secretary of North America.

The Congress adopted a message asserting that the sorrows and troubles of the world, social, industrial and international, are due to "broken brotherhood" and that the special task of men of goodwill and brands of broken humanity into a new bond of brotherhood.

It summoned men throughout the world to exemplify brotherhood in their own lives and to strive for the reconstruction of the peoples upon foundations of brotherhood.

American and Canadian delegates who met after the adjournment of the Congress adopted, as suggestions to the Canadian and American people that the third Sunday in March be denominated "World Brotherhood Day," and frequent exchange of visits between Canadian and United States representatives. The Canadian and United States delegates promised to dedicate themselves to the work of emphasizing the brotherhood of mankind.

STUDENTS ADDRESSED BY BAPTIST PASTOR

Rev. Clyde Calhoun Morris of the First Baptist church returned last night from Shawnee, where he delivered an address yesterday morning before the student body of the Baptist University. The purpose of the address was to enlist the interest of the students in the \$75,000,000 drive of the Baptist church in the various church activities.

A special appeal was made to the students by Rev. Morris urging them to offer themselves for Christian service. In response to his appeal ninety-two young men and women volunteered for service as ministers, medical missionaries, nurses, home missionaries, and B. Y. F. U. and Sunday School workers. The meeting was a success in every particular and its promoters are highly encouraged by the results obtained.

WET LANDS TO BE RECLAIMED SOON

EIGHTY MILLION ACRES COULD BE SAVED ACCORDING TO EXPERT OF DRAINAGE CONGRESS.

By the Associated Press

ST. LOUIS, Mo., Oct. 25.—Eighty million acres of wet and overflowed lands, located in various parts of the country, could be quickly and economically reclaimed by drainage or by levee protection, according to John A. Fox of Chicago who is here arranging for the annual convention of the National Drainage congress to be held here Nov. 11, 12 and 13.

Cabinet members, governors of a number of states, investment bankers and distinguished engineers from various parts of the United States have been invited to attend the congress, the work of which is of particular interest to farmers throughout the country, because it plans for the opening of millions of acres of new and extremely productive lands for settlement and development.

The congress, of which Edmund C. Perkins, of Chicago, is president, is an association of all interests in this country either directly or indirectly concerned in the drainage, reclamation and development of swamp and overflowed lands. It does not advocate any particular scheme nor endorse any particular project, but it has worked continuously for the last seven years to awaken public sentiment to an appreciation of the vast benefits to be derived from the reclamation and utilization, though state and federal co-operation, of the great areas of wet and overflowed lands.

Mr. Fox, in explaining the idea of the congress said: "While the larger areas of swamp and overflowed lands are to be found in the immediate Mississippi Valley and along the Atlantic and Gulf coasts, there are, nevertheless, areas of sufficient size in most of the other states to justify their interest in the matter. Taken in the aggregate, these 80,000,000 acres of land comprise an area of 125,000 square miles, or a greater area than the combined areas of Illinois and Iowa."

"This land is probably the richest and most productive of any of our lands. Nearly every farmer is familiar with this character of land as 'bottom lands' and knows that his bottom lands are the richest and will produce more than any other land on his farm. Every acre of this rich undrained region is bottom land and, when reclaimed and put under cultivation, it will produce from three to four times as much as the ordinary upland."

"In their present swamp condition, these undrained lands in the various states are a nuisance and a menace to health, while if reclaimed and utilized they will be extremely productive areas. For that reason every community adjacent to these wet and overflowed sections is participating in the activities of the National Drainage congress with a view to having something done that will lead to their early drainage and reclamation."

NEWS NOTES FROM MOVIELAND

Thomas Meighan is staging a return just like those Moore brothers. Tom has always been a popular actor, but he has usually appeared in support of some beautiful feminine star who took all of the laurels as far as press notices and electric lights went. But the girls have always been strong for Tom, even if he wasn't starred in his own right, and they flocked to see him.

He has played with such stars as Mary Pickford, Marguerite Clark, Billie Burke and Norma Talmadge. For some time little was heard of him and then he reappeared, playing for the most part in all-star productions. Tom's most recent success was in "The Miracle Man," a play which has had record runs in almost every city where it has been shown. Here Tom came into his own again. Although there were several other important parts which were well acted, Tom Meighan showed once more that he should be starred.

His next production will be "The Admirable Crichton," a Barrie play which has been adapted to the screen. Here the admirable Tommy plays Crichton, the admirable butler. The play promises much in the way of entertainment and it surely gives Mr. Meighan a part of considerable possibilities. Gloria Swanson plays the leading feminine role.

**MANAGER McSWAIN
ACQUIRES "VIRTUOUS MEN"
FOR PRESENTATION**
An announcement of great im-
portance to the photoplay patrons
of the Liberty Theatre was made
this week by Manager McSwain

to the effect that he had succeeded
in securing for presentation at
his theatre "Virtuous Men," a new
S-L-Picture. This special production,
which stars E. K. Lincoln, was per-
sonally directed by Ralph Ince. It
is one of the biggest features ever

made, and has been aptly called
"the great melodrama of the year."
Manager McSwain points out that
"Virtuous Men" took seven months
to produce, contains an extraordi-
nary cast, headed by E. K. Lincoln,
and has more than 10,000 super-
numeraries, who appear in many
scenes. The story told by "Virtuous
Men" is highly melodramatic, set-
ting forth in many absorbing sit-
uations the adventures of a red-
blooded young American whose courage
and quick mind overcame un-
surmountable difficulties. The pro-
duction has been given by Ralph
Ince, who personally directed every
scene, many highly spectacular and
thrilling moments. Lavishness in
settings has made "Virtuous Men,"
the initial S-L Picture, one of the
most beautiful productions of the
year. Among its more striking
scenes may be mentioned a society
ball in which 2,500 people partici-
pate, a tremendous forest fire and
the biggest fight in screen history.
Manager McSwain promises the pa-
trons of the Liberty Theatre one of
the biggest entertainments of the
season when "Virtuous Men" is
presented in the near future as a
special attraction.

MUCH ADO ABOUT NOTHING

After all, this fire and tow of unrest and agitation and prediction of disaster may be nothing but a repetition of the well known story wherein two frogs created the impression that their number was legion. Possibly we have been so confused by the discordant utterance of a few thousand disaffected that we have jumped to the conclusion that the whole world has gone crazy.

How is it in your own locality? Look about you and observe your neighbors. You will probably be surprised to see that ninety-nine are too busy to hear the lamentations of the one. Nearly all are sawing wood and saying nothing. They take the days as they come and go with complacency, and are trusting to the future for more stable times. They are sometimes amused, occasionally disgusted, by the dire predictions of those who are too busy prophesying ruin to earn a dollar or get a bath. But the calamity howlers are exceedingly few in number.

Here in Ada the census enumerators will have an easy task recording the names of the Jeremiahites. They are vociferous as frogs but scarce as hen's teeth. Their lugubrious wailing is sometimes enough to disturb the dead, but no one takes them with any degree of seriousness. Our people are too busy with the task of each day earning their daily bread to listen to the bedlamite. And it is consoling to reflect that possibly the rest of the world is circumstanced as we are. Much ado about nothing is one of the possibilities of the times. Perhaps all this noise is made by less than a corporal's guard.

Of all the states that have acted on the federal government's offer to furnish aid for road building only Arizona and Oklahoma have voted in the negative. Only these two states have refused to accept a federal donation of many millions of dollars. The reason for refusal and the failure to accept now constitute ancient history, and it is bootless to discuss an opportunity that is now forever gone. But the good name of Oklahoma demands that this state take some affirmative action. We have no roads. We annually spend seven million dollars in a fruitless effort to obtain roads. And we ignore an offer of six million dollars from the federal government.

Somehow we cannot refrain from wondering what has become of that silver-lined millineum that was scheduled to appear in this land of ours with the advent of national prohibition. The reign of law and order, the high regard for the rights of others, the disappearance of unrest and agitation, the elimination of poverty, the eradication of crime, all were to follow the suppression of the liquor traffic. The closing of the bar room was to inaugurate that golden era when the lion should lie down with the lamb. The lion and lamb are lying down together, all right—just as the whale lay down with Jonah.

The other night at Atlanta we heard Senator Thomas of Colorado say that the only reason congress does not act on the vital measures now before it is that congressman fear the effect of their action on the next presidential election. Thus the curse of party politics is permitted to blight the nation.

That Claude Weaver's nomination was a distinct victory for Albert Sydney Burleson is the assertion of the Shawnee Herald. No doubt. And it is also a most powerful victory for Wilkins Micawber and Azimoolah Khan.

If it takes one Kansas City editor and one Alabama congressman to answer the speech Senator Reed never made at Ardmore, how many speakers would have been mobilized if Reed had only got to make his speech?

That the kaiser cannot be tried for his crimes until the treaty of Paris is ratified has nothing to do, of course, with the violent opposition to ratification manifested by certain honorable senators.

The house congestion in Ada is considerably relieved by the announcement of the sheriff's force that there are several vacant rooms available in the county jail.

There's nothing to that story that McAdams is going to get out of the senatorial race. How can a man get out of something he has never been in?

All On Board French Liner Rescued When Vessel Burns in Mid-Atlantic

The burning Venezia and some of its passengers as they looked on their arrival in New York

One of the greatest ocean disasters that have occurred since the close of the war was the recent burning of the French liner Venezia in mid-Atlantic. Although the vessel was lost, all the passengers and members of the crew, together with some baggage and mail, were rescued by the steamer Chicago and brought to New York. There were many women and children on board.

The State Press

Shawnee News: If the revenue officer does not let up on his activity in Seminole county there is a danger that Minnehaha water may become scarce in Shawnee.

Lawton Constitution: Vice President Marshall thinks that strikers should let the public know whether the trouble is the high cost of living or the cost of high living.

Miami News: This common practice of making I. W. W. members kiss the American flag may be fit punishment for the I. W. W. members, but it is too much punishment for the flag.

Ardmoreite: Senator Sherman of Illinois fixed his measure as a statesman yesterday. When the debate on

the Shantung amendment was in progress he said: "I'll vote for any amendment that comes along, consistent or inconsistent. If anybody will write out any amendment that has anything to do with the treaty at all, I'll vote for it. And when they're all in I'll vote to throw the whole thing into the alley." That is back-alley politics, all right.

Durant News: Oftentimes a man wakes up and finds his own egotistical estimate of his political popularity was no dream. When he does, and then feels that he has his balliwick cinched for his official well-being, he soon finds that the public wakes up from its dream and tries to remember the details. Then everybody wakes up at once—and hell pops, politically.

Hominy News: Everybody is organizing. But nobody has so far drawn such a high per cent of disaster

ECZEMA!

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

This makes the offer one which you can absolutely depend upon, because the druggist with whom you have been trading would not stand behind the guarantee if he did not know it to be an honest and legitimate one.

Hunt's Salve, formerly called Hunt's Cure, has been sold under absolute money back guarantee for more than thirty years. It is especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to its curative properties. M. Timerlin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fail to give Hunt's Salve a trial—price 75 cents, from your local druggist, or direct by mail if he does not handle it.

Flash! Flash!

A fire alarm sufficient to arouse

both the quick and the dead was

turned both in and out this morn-

ing somewhere between 4 o'clock

and the Frisco railroad. As the fire

department and some hundreds of

more or less innocent witnesses gal-

loped like death on the pale horse

to the purchase of West Main, great

volumes of greasy smoke could be

observed emanating from doors and

windows of the Lancaster Cafe. Visions

of a conflagration similar to the

one that ensued when O'Leary's

cow kicked Chicago began to form

in the imagination of the rudely

disturbed populace.

It seems that during the wee

small hours of passing night and

coming mora fire had seized hold

of the grease accumulations on one

gas range in the kitchen of the

cafe aforementioned, and when the

fire boys arrived on the scene every

aperture of the building was vomit-

ing smoke. Very little work was

required to extinguish the threatened

holocaust. Very probably the fire

would have burned itself out if let

alone. At any rate the only damage

wrought was to a few thousand

slumbers, while the big range it-

self was rather helped than in-

jured. But the alarm itself was a

pronounced success.

Red Cross Election.

The executive committee of the

Pontotoc County Chapter of the

American Red Cross met at Red

Cross headquarters yesterday for

the purpose of electing officers for

the ensuing year. The following

officers were elected:

Chairman, M. F. Manville; vice-

chairman, J. E. Hickman; treasurer,

M. C. Wilson; secretary, Mrs. Or-

ville Sneed.

Plans for the future were dis-

cussed and the committee were very

optimistic over the outlook for the

membership drive of November 2-11.

It is hoped that the county will

soon have a nurse in the near fu-

ture to teach home hygiene and

care of the sick in every school dis-

trict in the county.

Several district chairmen have al-

ready promised to bring up their

work, which is very encouraging

to Mr. J. T. Crawford, the county

chairman of the membership drive.

Several ladies have volunteered their

help. More volunteers are wanted.

GOVERNOR COX MAY OUST MAYOR POORMAN

COLUMBUS, Ohio, Oct. 25.—A

report has been received of serious

rioting in connection with the steel

strike. Governor Cox shortly after

noon today ordered them to leave

the entire state troops mobilized

for immediate action. Every avail-

able machine gun company was or-

dered mobilized. An order fol-

lowed a report to the governor by

Colonel B. H. Bingham of the Adj-

utant General's office, who has been

making an investigation.

At the same time Governor Cox

sent a telegram to Mayor Chas. E.

Poorman of Youngstown notifying

him that he would be expected to

bring about immediate order. The

telegram stated that if this was not

done Mayor Poorman would be sum-

moned to the governor's office Mon-

day morning to show why he should

not be removed from office im-

mediately.

DR. DEEN ORDERS COUNTY CLEANUP

TWO DIVORCE CASES FILED YESTERDAY

Two divorce cases were filed in district court yesterday. In one of these Mamie Miller, by her attorneys, King & Crawford, asks for divorce from her husband, Perry Miller.

For cause of action plaintiff alleges that she was married to the defendant at Ft. Smith, Ark., Nov. 20, 1911. That of this marriage two children have been born, John Henry, aged 7, and Bladys Ray, aged 4. "That during the time they lived together as man and wife said defendant was so cruel to her, often abusing and cursing and striking her and by various other acts rendering her life with him as his wife intolerable." That they have not lived together as husband and wife since September, 1919. Wherefore plaintiff prays for divorce and such other relief as she may be entitled to.

Cubby Colbert asks for a divorce from his wife, Myrtle Colbert. R. W. Stewart is attorney for the plaintiff.

Plaintiff alleges "that defendant has so conducted herself as to make life miserable for this plaintiff, in that she has used vile, abusive and profane language and treated plaintiff in such cruel and inhuman manner as to render it impossible for him to live in peace with her." That she has been guilty of gross neglect as wife and mother of his child. That they have lived apart and have had no relation as man and wife for three years. He offers defendant the use of his surplus allotment with rents and profits and asks for divorce and other relief.

BAPTIST 75 MILLION

Keep the Home Fires Burning

Without an adequate home base of supplies of food, munitions, money and men during the late war, our soldiers and sailors could not have fought so effectively to make the world free.

But the line held at home as well as on the battlefield, and victory came.

The next task is to rout ignorance and superstition and error and sin from the

world, and if our missionaries on the firing line do the most effective work, they must be supported by the prayers, intelligent co-operation and gifts of people at home.

There are 13,000,000 people in the Southern States who are not Christians.

There are countless people of foreign birth here who need to be evangelized.

Our brethren in black need to be lifted to a higher life through the gospel of Jesus Christ.

On the frontier along the Mexican border, in the mountains of the South and among the Indians there is need for missionary work of a constructive character.

Many homeless churches need assistance; 9,000 others which are not co-operating fully in the Master's work need to be enlisted and developed, and schools, hospitals and orphanages must be strengthened for their important work. The

Baptist 75 Million Campaign

proposes to strengthen all the home work as well as to do a worthier part in extending the gospel to all parts of the world. It proposes to raise in cash and by five-year pledges by December 7, \$75,000,000 for fostering every essential interest of the Kingdom of God. Cash and subscriptions will be sought during

Victory Week, Nov. 30—Dec. 7

WHERE FUNDS WILL GO

Foreign Missions	\$20,000,000
Home Missions	\$12,000,000
State Missions	\$11,000,000
Christian Education	\$20,300,000
Orphanages	\$4,700,000
Hospitals	\$4,800,000

America First In Toy Making Is Plan of Leaders

By the Associated Press
CHICAGO, Oct. 25.—Strong efforts to place America first among

the nations of the world in the manufacture of toys are being made by American leaders in the industry, as is evidenced by many letters being received daily at the Art Institute here where the first national exhibit of American made toys is to be held. Beginning Dec. 4, the exhibit will continue throughout that month under the auspices of the Art Institute and the Art Alliance of America, Central States Division.

A. D. Converse of Winchendon, Mass., foresees two important results from the exhibit—stimulation of the American toy manufacturers through getting each other's ideas and coming in contact with the public which buys and plays with toys, and progress toward the making of more articles and imaginative toys.

"It is probable that hundreds of manufacturers," he writes, "who are alive to the demand of the present-day boys and girls for toys that exercise the imagination and the creative genius will find in the exhibit to be shown at the Art Institute of Chicago in December many toys which are hand-made and exhibited by idealists, artists, inventors and model-makers and which can easily be built commercially in large quantities without losses to the artistic value of the toy."

American supremacy in toy production will not come without effort, in the opinion of Mrs. Louise Douglas Hyde, chairman of the exhibition committee and herself an extensive buyer of toys.

Germany has already sent at least one shipload of toys to America since the resumption of commerce, she says, and a Swiss delegation now is surveying the retail toy shops of this country. French and British manufacturers, in co-operation with their governments have regularly organized traveling toy exhibits, while Japan is making a tremendous bid for American toy trade with a grade of toys Mrs. Hyde deems poor in construction and lacking in artistic value.

Manufacturers, individual craftsmen, art and industrial schools and art and manual departments of all schools may exhibit at the toy show. Exhibits must be in by November 15 to allow time for proper mounting.

His Rebellion

Once there was a loquacious, desiccated gent who had never played a game of chance, never flirted, never witnessed a theatrical performance after "Uncle Tom's Cabin" and "Ten Nights in a Barroom" ceased to infest the Town Hall, nor used tobacco in any form, and for twenty-seven long years went to oyster suppers, select readings, helpful lectures, the lyceum course and the chautauqua, till no one suspected that he had any more notion of straying from the straight and narrow path than a toad has of growing feathers. But when it was least expected he kicked over the traces and ran plumb wild. Why, dear suzz, he just up and brazenly declared one afternoon that he wasn't going that night to listen to Our Pastor tell about his travels in the Holy Land illuminated by a magic lantern with slides with cracks across 'em. He said he'd grown tired of dissipation, and didn't enjoy a wild and reckless life like he used to.

"I do not know of any disease that has not been included in the rumors about the President," says Admiral Grayson. "We haven't heard anyone say he had gout, but of course that's no indication of what they may be saying in Washington."

A Wooden Cargo That Didn't Get A Chance at War

By the Associated Press

SEATTLE, Oct. 24.—A gray fleet of forty-eight war-built, uncompleted, wooden cargo vessels tug idly at its moorings in Lake Union, near the heart of Seattle. The boats, some of them barely more than hulls, are owned by the United States Shipping Board and are worth \$12,000,000. It has been estimated. Most of them are ready to receive their engines.

"Ships that didn't get a chance," they have been called, as the war which rushed them onto the ways and into the water, ended before they reached the seas to do their share in forming a part of "Pershing's Bridge" to carry American men and supplies across the Atlantic to France.

Side by side the ships lie, most of them in a low row near one of Seattle's lake boulevards. After being launched at various northwest yards, several at formal exercises, the ships, one by one, were towed to Lake Union to wait for the day when they will be completed and set to sail the seven seas.

There is talk of American, Swedish, British and other buyers for the "gray company" of vessels. Some of them have been advertised for sale but as yet none has been sold. Sixty watchmen are on duty at the ships day and night and fire tugs play around the fleet. On fair days they play their hoses on the decks drenching them as fire protection.

Notice of Sheriff's Sale.
By virtue of an execution to me directed and delivered, issued out of the District Court of Pontotoc County, Oklahoma, in an action in said court wherein M. R. Chilcutt, administrator of the estate of A. N. Davis, deceased, is plaintiff, and Jess Edwards is defendant, I will, on the 5th day of November, 1919, between the hours of 10 o'clock A. M. and 2 o'clock P. M., of the said day, at the postoffice of Steedman, Oklahoma, in the County aforesaid, offer at public sale and sell to the highest bidder, for cash in hand, the following described property, to-wit:

One Ford automobile, 1917 model, Engine No. 166295; said property having been levied on as the property of the said Jess Edwards, and taken on execution in favor of the plaintiff.

Dated this 23rd day of October, 1919.

SERBIAN SOLDIER IN TEXAS UNIVERSITY

By the Associated Press

AUSTIN, Texas, Oct. 24.—Milford Rrazitch, who entered the Serbian army at the outbreak of the war when he was only 14 years old, is now a student at the University of Texas under the scholarship of the International Serbian Educational Committee. This committee has placed seventeen girls and seven boys of Serbia in Educational institutions in the United States.

Milford Rrazitch remained in the Serbian army until 1916, when he was sent to France and later to England for schooling. He learned to speak English at Oxford. His account of his army experience is a tale of horror woven through with starvation, desolation, Bulgarian outrages, and death for the young and innocent.

Do not neglect the warnings of nature. If your appetite is poor, breath bad, tongue coated, you will be sick unless you take steps to put your system in good condition. Prickly Ash Bitters is the remedy you need. It purifies the bowels, strengthens digestion and regulates the liver. Price \$1.25 per bottle.—Gwin & Mays Drug Co. Adv.

The next day after reading the Irish out of the democratic party, Senator Williams of Mississippi put in the afternoon snoring in Senator Penrose's chair. Today he is getting letters from his constituents down South asking him why he couldn't have done his snoring on the day he made his attack on the Irish.

TERRIBLY SWOLLEN

Suffering Described As Torture
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught. Theodor's Black-Draught will help you so keep it, ready for the day's work. Try it! NC-131

CHURCHES

Methodist Notices.
Next Sunday is the last Sunday of the conference year and I wish that it might be the best. It will be my pleasure to be with you an extra

Sunday after this, but the official year ends with this month. May I hope to see you at Sunday School at 9:45? Our goal ought to be "All the Church in the Sunday School." Come Sunday and bring the kiddies. Did you know that a hundred members of our Sunday School have joined the church this year? Yes, more than a hundred. Brother Blackburn will preach Sunday morning and the service will

begin at ten minutes before eleven. Let all the people hear him. New members will be received. All Methodists who have not yet joined us will receive a cordial welcome. The pastor will speak at evening and the musical program for all services will be under the direction of Miss Kittell, our organist.

The young people of the congregation will have their meeting at seven. Do not fail to take advantage of this opportunity to worship and study the Bible with the young people of the church.

The Love Feast was rained out this week and we will hope for good weather next Wednesday when our entire congregation may take part in the Love Feast which is an almost forgotten usage in the church save at the sessions of the Annual Conference.—Wallace M. Crutchfield, Pastor.

Junior Missionary Society.
Leader—Willie Lancaster.
Subject—Work in Brazil.
Song—Pages 35 and 51.
Roll call—Secretary.
Prayer.

First Baptist Sunday School.
The First Baptist Sunday School always welcomes you. If you are planning to join us, why put it off longer? Come on Sunday and help us in the work we are trying to do. If you are already a member but have not been attending regularly, come back to your class tomorrow. You have no idea how we miss you when you stay away. Sunday morning services will long be remembered in the history of the First Baptist church. All debt on the church has been paid off and we are going to celebrate by dedicating our building to the Lord and burning the mortgages. Dr. F. M. McConnell of Oklahoma City, one of the greatest preachers in the state and our state secretary of missions will preach the dedicatory sermon. All our members and friends are urged to be present. Dr. McConnell will also preach at the evening service beginning at 8 p. m.

The Sunbeams will meet at 3 p. m. Mrs. Harry Morris, leader.
Junior B. Y. P. U. No. 1 will meet in the church auditorium at 6 p. m. Mrs. C. C. Morris, leader.
Junior B. Y. P. U. No. 2 will meet in the church basement at 6 p. m. Mrs. M. M. Webster, leader.
Senior B. Y. P. U. will meet in the basement at 7 p. m.
B. W. M. S. will meet Monday afternoon at 3 o'clock for election of officers. All the women are urged to be present for this important business.—Clyde Calhoun Morris, Pastor.

Y. W. C. A.

The second regular meeting of the Y. W. C. A. was held yesterday evening beginning promptly at 7 o'clock.

The subject for discussion was: "Can a Girl Be a Christian and Be a Snob?"

Leader—Arie Crumley.
Song—My Faith Looks Up to Thee.

Prayer—Leader.
Business.

Discussion—What Is a Christian?—Abbie Kitchens.

Can a girl be a Christian and be a snob?—Carrie Roach.

Round table discussion.
Song—Day is Dying in the West.

Prayer—Miss Anna C. Paxton.

The subject was discussed from the point of view received by the delegates during their sojourn at the conference held in Hollister, Mo.

During the business session it was decided that the Y. W. C. A. would do social service work. This work will be for the benefit of the people of town; of the Y. W. C. A.; and of the girls.

In the round table discussion they talked about why the Bible isn't read more? Each girl pledged herself to read one chapter a day from the Bible this week.

After the program the girls all made a dash for the beautiful bouquet of dahlias which were used as decoration and each girl was given one.

St. Paul Episcopal Church.

COTTON GROWERS TO MEET TUESDAY

OKLAHOMA CITY, Oct. 25.—Special.—The meeting of the cotton association of Oklahoma, which will be held in the hall of representatives in Oklahoma City, next Tuesday promises to be one of the most important meetings ever held in the state.

The purpose of the meeting is to identify the cotton men of Oklahoma with an organization that now covers all the cotton growing states, which seeks to merge all cotton associations into one strong and adequately financed body to look after the interests of the cotton grower.

The meeting Tuesday is to be addressed by Governor Chas. A. Brough of Arkansas, Governor R. G. Pleasant of Louisiana, W. F.

Eufaula Indian Journal: No citizen, man or woman, worker or employer, can fairly answer the question, "What has the special session of congress done for me?" without a sense of regret at having voted

last autumn to supplant the democratic majority. More than two months have elapsed since President Wilson recommended to the special session the passage of certain statutes which were intended and required to curb profiteering, to reduce, or at least to stabilize, the cost of living, and to restore business to the normal status of peace. Not one of President Wilson's recommendations has become law, no substantial progress has been made toward their serious consideration.

Dear Friends:

A lady came in yesterday and asked what that number 117035 on her prescription indicated. She said, "I know it cannot mean you have filled that many prescriptions." "And yet," she said, "nearly all of my neighbors get their prescriptions filled right here. Yes, lady, that number 117035 indicates that we have filled that number of PRESCRIPTIONS right here in this little old drug store. Filling your prescription is the very first consideration in this drug store. Everything else is secondary to it. PRESCRIPTIONS PROPERLY PREPARED.
